

A LEADER

By David Colin Bradbury, 11 yrs. old

*A leader
Is a team's feeder
He/She is the root of a tree
Not an annoying bee*

*The leader doesn't need
to be the strongest or richest
The leader just has to be good
Like every leader should*

*A good leader is a must
As well as just
Respect your feeder
Your leader*

Eighty Years

By David Colin Bradbury, 11 yrs old, written on April 16, 2015

*20 years in life is childhood and teen years
The time you barely have fears
The time you should enjoy forth better
Because it won't last forever*

*40 years here is when you're older, The time you're bolder
The time you get a house, Maybe even a spouse*

*80 years in life is when you retire
Because you want to relax by the fire
Be healthy because you might fly into heaven and die*

*Live life to the fullest, because you could be the best
And remember have fun every moment til it is done.*
